(479) 595-6898
Fayetteville, AR 72703

EDUCATION

Bachelor of Science in Industrial Engineering

University of Arkansas, Fayetteville, AR | GPA 3.29

Expected: May 2029

Highschool Diploma

Fayetteville Highschool, Fayetteville, AR | GPA 3.9

Graduated: May of 2025

SKILLS SUMMARY

- Experienced in Microsoft Excel and Microsoft Office Suite
- Basic experience in Python, Java, IntelliJ, GitHub, and R Studio

JOB EXPERIENCE

Product Shipping at Pink House Alchemy

December 2022 – January 2026

- Collaborated with a working team of 5–6-people
- Correctly and efficiently packed orders of 6-12 16 oz bottles at a time

ENGINEERING PROJECT EXPERIENCE

Water Filter Design Project

November 2025

- Worked with a team of 2 to design various water filters utilizing limited materials
- Communicated with team members to discuss research findings and propose ideas
- Presented the team's findings after testing our design

Balsa Wood Tower Construction

September 2025

- Worked with a team of 2 to plan and construct a tower out of balsa wood
- Researched and determined the best design to hold as much weight as possible
- Successfully constructed a tower out of balsa wood and super-glue to hold 58 pounds based off our team's design

Innovations and Robotics Project

Spring Semester 2026

- Worked with a group of 5 other Engineering students to identify and solve an environmental issue of our choosing
- Collaborated with 2 of the 5 students to design and program a robotic game following specific given instructions
- Worked as a team to learn the coding program (Arduino), persevered through unexpected problems and errors, and optimized our robot's final course

Product Creation and Idea Pitching

August 2025

- Collaborated with a group of 5 other students from various majors and academic backgrounds to brainstorm solutions to a given problem
- Worked as a team to create a prototype for our solution within a 2-hour window
- Finalized our idea, and confidentially pitched our solution to a 3-person panel

EXTRACURRICULAR INVOLVEMENT

Technical Theater

August 2023 – May 2025

- Assisted with building sets and adjusting lighting for 4 different theatrical performances
- Learned to put extra attention and care into the smaller details
- Worked in groups of 2-12 people to efficiently and effectively complete assigned tasks
- Provided creative advice and an alternate perspective that helped enhance each performance

Northwest Arkansas Hunter Jumper Association

March 2011 - Present

- Consistently volunteer at various events
- Regularly collaborate with groups of 15+ people to set up jump courses, manage entry numbers and fees, and keep track of class results
